Let Your Blood Plead For Me

Text by Isaac Watts Arranged by Jeremy Quillo & Bobby Gilles

Verse 1

```
F#          C#/F        D#m          A#m
```
Lord, how secure my conscious was
```
     B          C#        F#          C#7
```
And felt no inward dread
```
F#          C#/F          D#m          A#m
```
I was alive without the Law
```
       B            C#               F#
```
And thought my sins were dead.

Verse 2

My hopes of heaven were firm and bright
But then Your standard came
With a convincing power and light
To show how vile I am

   Chorus:
```
          B              F#/A#     C#
```
Let Your blood plead for me
```
            B        F#/A#         C#
```
Let Your blood wash me clean
```
    F#          B        F#
```
I believe, Lord I believe
```
      C#
```
Your blood has covered me
