

# Living Faith

Brooks Ritter and Bobby Gilles

**E**

Mistaken souls that dream of Heaven

**C<sup>#m</sup>**

And make their empty boast

**F<sup>#m</sup>**

Of inwards joys and sins forgiven

**A<sup>m</sup>**

While slaves to greed and lust

Vain is the will of mortal men

If faith is cold and dead

None but a living power unites

To Christ the living head

**E**

Pray for a living faith

**G<sup>#m</sup>**

That leads us to trust this grace

**A**

**A<sup>m</sup>**

We cannot come to God on our own.

**E**

A faith that truly sees

**G<sup>#m</sup>**

That drives us to bended knee

**A**

**A<sup>m</sup>**

Looking for hope in the cross of Christ alone.

# Living Faith

Brooks Ritter and Bobby Gilles

True faith will purify the soul  
And Faith will work by love  
It forces sinful thoughts to go  
And lifts our minds above

This faith will conquer earth and hell  
By God's celestial power  
This is the grace that will prevail  
In the decisive hour.

Pray for a living faith  
That leads us to trust this grace  
We cannot come to God on our own.  
A faith that truly sees  
That drives us to bended knee  
Looking for hope in the cross of Christ alone.

## End on Chorus chords

It takes every breath to God alone, it takes every breath to God alone
